

Petition to the House of Commons

Whereas:

- There is little evidence to suggest that implementing a Carbon Tax will have any affect on the climate;
- The previous Conservative Government has proven that you can lower Greenhouse Gas Emissions without imposing a Carbon Tax; and
- The implementation of a Carbon Tax will cost Canadians good paying jobs.

We, the undersigned, **Residents of Canada**, call upon the **Government of Canada** to listen to Canadians and abandon its plan of implementing a job killing Carbon Tax.
